**THE CORPORATION OF THE TOWN OF MARKHAM**

**OF THE SECOND PART**

**WHEREAS** the Owner is the owner of certain lands and premises situated in the Town of Markham in the Regional Municipality of York and Province of Ontario, and municipally known as 9451 Kennedy Road (hereinafter called the "Property"), and more particularly described in Schedule "A" attached hereto and which there is the "Philip Eckardt Log House" (hereinafter called the "Building");

**AND WHEREAS** the Owner and the Town desire to conserve the present historical, architectural, contextual, aesthetic, scenic and heritage characteristics and conditions of the Building on the Property as set out in the "Reasons for Identification";

**AND WHEREAS** to this end, the Owner and the Town agree to enter into this Easement Agreement (hereinafter called the "Agreement");

**NOW THEREFORE THIS AGREEMENT WITNESSETH** that in consideration of the sum of TWO DOLLARS (\$2.00) of lawful money of Canada now paid by the Town to the Owner (the receipt of which is hereby acknowledged), and for other valuable consideration, and in further consideration of the granting of the easements herein and in further consideration of the mutual covenants and restrictions hereinafter set forth, the Owner and the Town agree to abide by the following covenants, easements and restrictions which shall run with the Property forever.

## **1.0 REASONS FOR IDENTIFICATION**

### **1.1 Statement of Reasons**

The Owner and the Town agree that for the purposes of this Agreement the following statement (hereinafter called the "Reasons for Identification") sets out the reasons why the Building has been identified by the Town as having historical, architectural and contextual significance:

#### **Description of Property:**

The Philip Eckardt Log House is a one and a half storey, siding-clad hewn log building located on the east side of Kennedy Road, east of the historic Bethesda Lutheran Cemetery. It is a former farmhouse located within a residential subdivision known as Upper Unionville under development in 2011, north of the historic village of Unionville.

#### **Design or Physical Value:**

The Philip Eckardt Log House is the only early log house in Markham remaining on its original site. It is a unique example of Germanic design influence transported to Canada via the Berczy settlers, possibly influenced by Pennsylvania Germans. The unusual roof design, incorporating a type of pent roof on the north side, appears to be derived from the vernacular domestic architecture of the Pennsylvania-German culture. A similar cultural influence is reflected in the plank-form log construction which uses relatively thin sections of large-size logs. The wide overhang of the eaves is of sufficient depth to act as a porch around three sides of the building. At one time, the house was raised on a low, clapboard-sided ground floor storey. Early photographs suggest that there was a balcony or two storey veranda corresponding with the wide roof overhang. In 1948, the Bartlett family remodelled the building to its present state, with the major changes being the removal of the ground floor storey and a late 19<sup>th</sup> century kitchen wing, and the addition of hip-roofed dormers.

#### **Historical or Associative Value:**

The Philip Eckardt Log House has historical and associative value as the oldest known remaining building in Markham and the former home of two original Berczy Settler families. Lot 17, Concession 6, was drawn by Frederick Ulrick Emelius Westphalen in 1794. He was noted in

William Berczy's settlement records of 1803 as residing on this property, the same year he received the Crown patent. It is possible that Westphalen was the original builder, as he would have received the Crown patent only after fulfilling the settlement duties, which included the construction of a modest house. This consideration could date the building to the mid to late 1790s. However, the log house is generally attributed to Philip Eckardt, who purchased the west 100 acres of Lot 17 in 1808 and remained there until he died in 1845. Eckardt was an important member of the Berczy group, possessing diverse skills as a miller, millwright, carpenter, surveyor and mechanic.

The building has further historical and associate value for its later ownership by Philip Eckardt's descendants, followed by the Fierheller family and others. In 1950, the former Eckardt farm was purchased from William F. Bartlett by Frank Beckett to become part of the Beckett farm, which consisted on the west 100 acres of Lot 16, Concession 6, directly to the south.

#### **Contextual Value:**

The Philip Eckardt House has contextual value as a farmhouse from Markham's earliest settlement period, on its original site within an evolving urban landscape. Located near the Bethesda Lutheran Cemetery, the log house is an important component of a cultural heritage landscape representing the heritage of the Berczy Settlers.

#### **Significant Architectural Attributes:**

Character-defining attributes that embody the cultural heritage value of the Philip Eckardt Log House include:

- The form and volume of the original building, with its cubic plan and one and a half storey height;
- Fieldstone foundation;
- Hewn log walls with dovetailed corners, covered by later claddings;
- Glazed and panelled wood east front door, a modified 6 panelled "cross and bible" door;
- Original, flat-headed square window openings with either 8/8 windows, or more recent 2/2 windows, wood trim, projecting wood sills;
- Unique combination hipped and gable roof with wide overhang and exposed structural elements;
- Internal, single stack brick chimney
- Early interior elements including 4 panelled wood doors, pine floors and elements of early 19<sup>th</sup> century trim.

## **1.2 Photographs Relevant to Duties of the Owner**

The Owner acknowledges that a set of dated photographs, hereinafter referred to collectively as "the Photographs", document the state of the Building as of the date of execution of this Agreement. The original photographs, numbered HA 11 131258-1 and HA 11 131258 dated 2010 will be kept on file at the Town's offices or such other location as the Town may determine, and may be examined at any time upon reasonable notice to the Town. The Photographs generally depict certain significant features of the appearance or the construction of the Building and the Reasons for Identification and the Photographs shall be referred to in determining the duties of the Owner under this Agreement.

When alterations are made to the Building pursuant to paragraph 2.1 and/or 2.2, the Owner shall within ninety (90) days of completion of such alterations and at the Owner's expense, provide to the Town new photographs taken from the same vantage point and identifying the same features of the appearance or construction as the original photographs. Such photographs shall be dated and filed with the Town. The Town shall number the said photographs which shall replace the original Photographs and all references in this agreement to the Photographs shall be deemed to refer to such new replacement photographs.

## **2.0 DUTIES OF OWNER**

### **2.1 Normal Repairs and Alterations**

The Owner shall not, except as hereinafter set forth, without the prior written approval of the Town, undertake or permit any demolition, construction, alteration, remodelling or any other thing or act which would materially affect the features of the appearance or construction of the Building as set out in the "Reasons for Identification" and as may be depicted in the copies of the Photographs on file or drawings and other documents attached hereto. The approval required to be obtained from the Town herein shall be deemed to have been given upon the failure of the Town to respond in writing to a written request for it within ninety (90) days of receiving such request as its address as set out in paragraph 7.1 of this Agreement. If the approval of the Town is given or deemed to be given under this paragraph, the Owner, in undertaking or permitting the construction, alteration, remodelling or other thing or act so approved of, shall use materials approved by the Town.

### **2.2 Insurance**

The Owner shall at all times during the currency of this Agreement keep the Building insured against normal perils that are coverable by fire and extended coverage insurance in an amount equal to the replacement cost of the Building. Upon execution of this agreement, the Owner shall deliver

to the Town a letter or certificate, in a form and from an insurance company, agent or broker acceptable to the Town, which letter or certificate shall state as follows:

“This will confirm that (name of insurer) has issued to the Owner a valid insurance policy which insures the Building against normal perils that are coverable by fire and extended coverage insurance in an amount equal to the replacement cost of the Building”.

The Owner further agrees to provide written evidence of the renewal of such policy at least 3 weeks prior to the expiration date of the policy, in a form satisfactory to the Town. If the Owner fails to so insure the Building, or if any such insurance on the Building is cancelled, the Town may effect such insurance as the Town deems necessary and any sum paid in so doing shall forthwith be paid by the Owner to the Town, or if not shall be a debt due and owing to the Town and recoverable from the Owner by action in a court of law. All proceeds receivable by the Owner under any fire and extended coverage insurance policy or policies on the Building shall, on the written demand and in accordance with the requirements of the Town, be applied to replacement, rebuilding, restoration or repair of the Building to the fullest extent possible having regard to the Reasons for Identification, the particular nature of the Building and the cost of such work.

### **2.3 Damage or Destruction**

The Owner shall notify the Town of any damage or destruction to the Building within ten (10) clear days of such damage or destruction occurring. In the event that the Building is damaged or destroyed and the replacement, rebuilding, restoration or repair of it is impractical because of the financial costs involved, or because of the particular nature of the Building, the Owner shall, in writing within forty (40) days of the giving by the Owner of notice of such damage or destruction, request written approval by the Town to demolish the Building, pursuant to paragraph 2.1. If the approval of the Town is given or deemed to be given, the Owner shall be entitled to retain any proceeds from the insurance hereinbefore mentioned and to demolish the Building.

### **2.4 Reconstruction by Owner**

If the Owner has not requested the approval to demolish referred to in paragraph 2.3 or if the Town does not give the approval to demolish referred to in paragraph 2.3, the Owner shall replace, rebuild, restore or repair the Building so as to effect the complete restoration of the Building. Before the commencement of such work, the Owner shall submit all plans and specifications for the replacement, rebuilding, restoration or repair of the Building to the Town for its written approval within one hundred and thirty-five (135) days of the damage or destruction occurring to the Building. A refusal by the Town to approve any plans and specifications may be based upon choice of materials, appearance, architectural style or any other ground or grounds including, but not limited to, purely aesthetic grounds, and the determination of the Town shall be final. The Owner

shall not commence or cause restorative work to be commenced before receiving the written approval of the Town of the plans and specifications for it, and such restorative work shall be performed upon such terms and conditions as the Town may stipulate. Such approval shall be deemed to have been received upon failure of the Town to respond in writing to a written request for it within ninety (90) days of the receipt of such request by the Town. The Owner shall cause all replacement, rebuilding, restoration and repair work on the Building to be commenced within thirty (30) days of the approval by the Town of the plans and specifications for it and to be completed within nine (9) months of commencement, or as soon as possible thereafter if factors beyond their control prevent completion within the said nine (9) months, and the Owner shall cause all such work to conform to the plans and specifications approved of and terms and conditions stipulated by the Town.

## **2.5 Failure of the Owner to Reconstruct**

In the event that a request to demolish is not submitted or is refused pursuant to the provision of paragraph 2.2 and the Owner fails to submit plans and specifications pursuant to paragraph 2.4 which are acceptable to the Town within one hundred and thirty-five (135) days of the damage or destruction occurring to the Building, the Town may prepare its own set of plans and specifications. The Owner shall have thirty (30) days from receiving a copy of such plans and specifications to notify the Town in writing that they intend to replace, rebuild, restore or repair the Building in accordance with those plans and specifications.

If the Owner does not so notify the Town within the said thirty (30) days, the Town may prepare its own set of acceptable plans and specifications for the building and may enter onto the property and proceed with replacing, rebuilding, restoring or repairing the building so as to effect the complete restoration of the building. The Owner shall reimburse the Town for all expenses incurred by the Town in carrying out such work.

## **2.6 Maintenance of the Building**

The Owner shall at all times maintain the Building in as good and as sound a state of repair as a prudent owner would normally do, so that no deterioration in the Building's condition and appearance shall take place, including, without limiting the generality of the foregoing, taking all reasonable measures to secure and protect the Building from vandalism, fire and damage from inclement weather.

## **2.7 Signs, Structures, Etc.**

The Owner shall not erect or permit the erection on the Property or on the Building of any signs, awnings, television aerials or other objects of a similar nature without the prior written approval of

the Town. Such approval may, in the sole discretion of the Town and for any reason which the Town considers necessary, be refused, provided that with respect to signage to identify the occupant(s) of the Building from time to time, the approval of the Town shall not be unreasonably withheld, having regard to its use of the Building, the Reasons for Identification and the Photographs.

## **2.8 No Act of Waste**

The Owner shall not commit or permit any act of waste on the Property. In respect to the subject lands, the Owner shall not, except with the prior written approval of the Town:

- (a) grant any easement or right-of-way which would adversely affect the easement hereby granted;
- (b) erect or remove or permit the erection or removal of any building, sign, fence or other structure of any type whatsoever;
- (c) allow the dumping of soil, rubbish, ashes, garbage, waste or other unsightly, hazardous or offensive materials of any type or description;
- (d) except for the maintenance of existing improvements, allow any changes in the general appearance or topography of the lands, including and without limiting the generality of the foregoing, the construction of drainage ditches, transmission towers and lines, and other similar undertakings as well as the excavation, dredging or removal of loam, gravel, soil, rock, sand or other materials;
- (e) allow the planting of trees, shrubs or other vegetation which would have the effect of (i) reducing the aesthetic value of the Building or the Property or (ii) causing any damage to the Building;
- (f) allow any activities, actions or uses detrimental or adverse to water conservation, erosion control and soil conservation; and
- (g) allow the removal, destruction or cutting of trees, shrubs or vegetation except as may be necessary for (i) the prevention or treatment of disease or (ii) other good husbandry practices.

## **2.9 Breach of Owner's Obligations**

If the Town, in its sole discretion, is of the opinion that the Owner has neglected or refused to perform any of their obligations set out in this Agreement, the Town may, in addition to any of its other legal or equitable remedies, serve on the Owner a notice setting out particulars of the breach and of the Town's estimated maximum costs of remedying the breach. The Owner shall have thirty (30) days from receipt of such notice to remedy the breach or make arrangements satisfactory to the Town for remedying the breach.

If within those thirty (30) days the Owner has not remedied the breach or made arrangements satisfactory to the Municipality for remedying the breach, or if the Owner does not carry out the said arrangements within a reasonable period of time, of which the Municipality shall be the sole and final judge, the Municipality may enter upon the Property and may carry out the Owner's obligations and the Owner shall reimburse the Municipality for all expenses incurred thereby. Such expenses incurred by the Municipality shall, until paid to it by the Owner, be a debt owed by the Municipality and recoverable by the Municipality by action in a court of law.

## **2.10 Waiver**

The failure of the Town at any time to require performance by the Owner of any obligation under this Agreement shall in no way affect its right thereafter to enforce such obligation, nor shall the waiver by the Town of the performance of any obligation hereunder be taken or be held to be a waiver of the performance of the same or any other obligation hereunder at any later time.

## **2.11 Extension of Time**

Time shall be of the essence of this Agreement. Any time limits specified in this Agreement may be extended with the consent in writing of both the Owner and the Town, but no such extension of time shall operate or be deemed to operate as an extension of any other time limit, and time shall be deemed to remain of the essence of this Agreement notwithstanding any extension of any time limit.

## **2.12 Emergencies**

Notwithstanding the provisions of paragraph 2.1, it is understood and agreed that the Owner may undertake such temporary measures in respect of the Building as are:

- (1) in keeping with the intentions of this Agreement;
- (2) consistent with the conservation of the Building, and

- (3) reasonably necessary to deal with an emergency which puts the security or integrity of the Building or occupants of the Building at risk of damage,
